

ThermaXX Jacket: Antifreeze

16 Hamilton St, West Haven, CT 06516 (203) 932-9639 info@thermaxxjackets.com thermaxxjackets.com

For Freeze Prevention as it relates to Piping and Components

- ✓ Prevents Freezing
- ✓ Safety
- ✓ Energy

The ThermaXX Jacket (Anti-Freeze) is a removable insulation jacket that can be designed for dry or wet applications. The jacket is manufactured to protect pipes and components from freezing. A heat source may be required under the jacket. Components include but not limited to pipes, valves, actuators, steam traced components, etc...

Outside Temperature	Jacket Inside	Insulation	Jacket Outside
30 ^f – 40 ^f	EJ 1650	10mm Pyrogel	EJ 1650
0 ^f – 30 ^f	EJ 1650	15mm Pyrogel	EJ 1650
-20 ^f – 0 ^f	EJ 1650	20mm Pyrogel	EJ 1650
< -20 ^f	As designed	As designed	As designed
